

## Week 2 Data Wrangling Final

1. Scrum Master for next week
  - Reina
2. List at least 5 things the team did well and will continue doing
  - Communicate, help each other, holding each other accountable, good research skills, good coding
3. List at least 3 things the team did poorly and how you will mitigate them next sprint
  - Time management, consistency, working together. We should communicate together to ensure we are working in the same direction.
4. List shout-outs to any team members for excelling in any way
  - Shoutout to Evelyn good job as scrum master this week and Racquel for innovative thinking with coding.
5. What did you learn as a team this week?
  - That we are smart individuals that work well together even through each other's busy lives.
6. What did you learn as an individual this week?
  - Better time management improves quality of work.
